large army, but Shivaji, in a daring night raid, attacks the much decorated Mughal General, cutting off his fingers. Turning his attention once again to Sultan Adilshah, Shivji systematically expands his holdings in the Konkan. Infuriated, the Mughal Emperor sends Jai Singh and Diler Khan to the Deccan with another large army. Jai Singh proves to be the toughest challenge Shivaji has faced. After winning almost every battle for two decades, Shivaji is finally subdued by Jai Singh and faces the humiliation of receiving Aurangzeb's firmaan to surrender a large part of his fiefdom and serve in the Mughal army. In a final insult, Shivaji is compelled to visit Agra and bow before Aurangzeb at court. By royal order, he and his son are detained in Agra, under heavy guard. The ingenious Maratha, however, foiling all attempts to assassinate them, escapes, leaving the Emperor seething in impotent fury. Safely home again, Shivaji embarks on the re-conquest of his lost forts and territories. Finally, in 1674, in defiance of imperial rule, he crowns himself King of the Marathas. Dipesh Chakrabarty's eagerly anticipated book examines the politics of history through the career and in many ways tragic fate of the distinguished historian Sir Jadunath Sarkar (1870-1957). One of the most important scholars in India during the first half of the twentieth century, Sarkar was knighted in 1929 and is still the only Indian historian to have ever been elected an Honorary Fellow of the American Historical Association. He was a universalizing and scientific historian, highly influential during much of his career, but, by the end of his lifetime, he became marginalized by the history establishment in India. History, Chakrabarty writes, sometimes plays truant with historians: by the 1970s when Chakrabarty himself was a novice historian Sarkar was almost completely forgotten. Through Sarkar's story, Chakrabarty explores the role of historical scholarship in India's colonial modernity and throws new light on the ways that postcolonial Indian historians embraced a

more partisan idea of truth in the name of democratic and anti-colonial politics."

An Indian middle-aged woman goes to a foreign country to help her young daughter deliver her first baby. She narrates interesting tales of her experience preparing for this 'big event' of childbirth and then actually going through it! The book talks about Indian traditional methods of using herbs with medicinal values and authentic recipes used during pregnancy and after delivery to help heal new moms and babies to thrive. The world has become a global village and young generations are crossing their country's boundaries to settle down away from their own roots to create a home away from home. The book will be a perfect reference book for new parents who desire to use traditional age-old methods to nurturer their new baby with simple daily massage/bathing techniques or for a grandma who wishes to try her hand at basic sewing techniques for her beloved grandbabies.

India was first betrayed by Jai Chand and then by Muslim Invaders followed by the East India Company and their British Rulers . However the most unfortunate part is that afterwards India was deliberately let down by its own people for sixty years. In such a situation whom can you blame ? You , me or all of us really who allowed ourselves to be deceived and looted and made second class citizens in our own country – despite clearly being the majority. Maximum Taxes were collected from Majority for benefit of all the citizens but were passed on to specific community disproportionately. Separate laws and rules were enacted purely for the advantage of this group . Now the time has come when we must rise to remove the shackles of slavery and live to cherish the fruits of our great country. It is hoped that the reader will find the different perspectives in the book to be interesting , enjoyable and eye opening.

Christians form the third largest religious community in India. How has this come about? There are many studies of separate groups: but there has so far been no major history of the three large groups - Roman Catholic, Protestant and Thomas Christians (Syrians). This work attempts to meet the need for such a history. It goes right back to the beginning and traces the story through the ups and downs of at least fifteen centuries. It includes careful studies of the political and social background and

of the non-Christian reactions to the Christian message. The narration is non-technical and should present few difficulties to the thoughtful reader; the more technical matters are dealt with in notes and appendices. This book will be of interest to all students of Church History and will also prove fascinating to many who are concerned with the development of Christianity as a world religion and in the dialogue between different forms of faith.

Pune, a dying fort city, with his mother Jijabai and lights the first lamp within its ruins. While his father Shahaji Bhosle is away on deputation by the Adil Shah sultanate after having failed in a revolt against it, Shivaji learns how an empire is built from the ground up. Thus begins the life of the Great Maratha. What awaits Shivaji is nothing short of the vast scroll of history, and it takes him from Surat to Thanjavur and all the way to Aurangzeb's durbar in Agra. He dreams of freeing his land from the clutches of Mughal rule, and though he suffers many defeats and personal losses along the way he never gives up his vision of Hindavi Swaraj. The book is all about the brief history of forts in Maharashtra. The "Maratha period" of the seventeenth and eighteenth centuries, when an independent Maratha state successfully resisted the Mughals, is a defining era in the history of the region of Maharashtra in western India. In this book, Prachi Deshpande considers the importance of this period for a variety of political projects including anticolonial/Hindu nationalism and the non-Brahman movement, as well as popular debates throughout the nineteenth and twentieth centuries concerning the meaning of tradition, culture, and the experience of colonialism and modernity. Sampling from a rich body of literary and cultural sources, Deshpande highlights shifts in history writing in early modern and modern India and the deep connections between historical and literary narratives. She traces the reproduction of the Maratha period in various genres and public arenas, its incorporation into regional political symbolism, and its centrality to the making of a modern Marathi regional consciousness. She also shows how historical memory provided a space for Indians to negotiate among their national, religious, and regional identities, pointing to history's deeper potential in shaping politics within thoroughly diverse societies. A truly unique study, *Creative Pasts* examines the practices of historiography and popular memory within a particular colonial context, and illuminates the impact of colonialism on colonized societies and cultures. Furthermore, it shows how modern history and historical memory are jointly created through the interplay of cultural activities, power structures, and political rhetoric.

"Land of the Marathas, Western India, 1641-1660 The Indian sub - continent is ruled by three tyrannical Sultanates... the powerful Mughals in the North, and the Shia rulers - Adilshah and Qutubshah in the South. The native population,

supressed for centuries, is subjected to slavery, bigotry, injustice and even torture. Through generations of subservience, the very idea of freedom has been wiped from their minds. As incessant battles rage between the Sultanates, the soldiers who fight and die on the battlefields are mostly Marathas, sons of the soil. Villages and crops are repeatedly razed by the invading armies, men killed in both peacetime and war, their women abducted. Maharashtra, once a prosperous land ruled by competent native rulers and inhabited by peaceful people, has been reduced almost to a wasteland. In this dark era, the sixteen-year-old son of an Adilshahi jagirdar stands up to declare: "I shall not serve, and neither shall my people!" The dream of a free State and an identity for his peoplesmouldering in his heart, he dares to rebel against the powerful Sultan, Adilshah. He begins with nothing... no army, no weapons and an empty treasury. Yet he achieves what no soldier, chieftain or king has ever achieved in defiance of the imperialists who rule. 300 Brave Men is the incredible story of Chhatrapati Shivaji Raje Bhosale, a legendary warrior king, guerrilla fighter, brilliant tactician and clever diplomat. But above all, a remarkable human being. You have read history... now read his story..."

Held on the occasion of Louvre Abu Dhabi's first anniversary, the symposium Worlds in a Museum addressed the topic of museums in the era of globalisation, exploring contemporary museology and the preservation and presentation of culture within the context of changing societies. Departing from the historical museum structure inherited from the Enlightenment, leading experts from art, cultural, and academic institutions explore present-day achievements and challenges in the study, display and interpretation of art, history, and artefacts. How are "global" and "local" objects and narratives balanced – particularly in consideration of diverse audiences? How do we foster perspective and multiculturalism while addressing

politicised notions of centre and periphery? As they abandon classical canons and categories, how are museums and cultural entities redefining themselves beyond predefined concepts of geography and history? This collection of essays arises from the symposium Worlds in a Museum organised by Louvre Abu Dhabi and École du Louvre.

Shivaji, famous as a warrior and patriot, was also renowned for his kindness. His behaviour managed to convert a spunky young mother, an avenging widow, and a terrified maiden into devoted friends. Not only did the powerful Maratha display humility and a constant sense of fair play, he also upheld the honour of every woman whether rich or poor, enemy or ally.
